

A PROCLAMATION DECREED IN THE NAME OF GOD FOR

The Kingdom of Heaven on Earth

I. This decree is drafted to detest the injustices placed upon The People of Earth. It is hereby declared that any person, business, corporation, organization, government institution or official, province, state, or country that is reinforcing Truth behind the COVID-19 hoax is facilitating the genocide of The People of Earth. It is established herein that the COVID-19 vaccination is a tool to depopulate the planet and is bringing harm and death to the innocent. With respect to the fundamental principal of Free Will in this realm, it is discerned that The People have not been allowed or exposed to Truthful information that is vital in the decision-making process to properly respect the Free Will of each Sovereign Being. A proper decision on whether or not to take the COVID vaccine CANNOT be made without proper information about its harmful and even fatal effects. The People of Earth have been forced into a state of disillusionment by Satanic forces whose key mission is to maintain their control over the collective conscious via keeping each and every soul on this planet in slavery. These Satanic forces have created an illusion of power over the masses by forming institutional power structures of governance that do not serve the people, but rather oppress and degrade the Sovereign power of each human being.

II. It is hereby established that each human being, regardless of background, is a Sovereign Being as guaranteed by their Creator, God, the Universe, and the Galactic Federation of Light. The Sovereignty of each Being is not to be debated, contested, or fought for in any form or fashion. Sovereignty is a Universal ordainment given to each Being without question and is not to be impeded for any reason. The infringement of the Sovereignty of any Being by means of coercion, conscious ignorance of bodily autonomy, fear mongering, unrighteous mandates, legislation, or jurisprudence is declared intolerable and a direct violation of the fundamental Universal Right of Free Will on planet Earth. Any and all whom violate the sacred right of Sovereignty of any human is to be subject to Righteous Judgment.

III. It is hereby declared that every Human Being of the planet Earth is liberated of the slavery that has impeded the evolution of consciousness. This slavery has plagued the Earth with poverty, hunger, violence, pestilence, death, greed, false scarcity, and devolution. This slavery has trapped the souls of The People with the institution of financial systems that are based on the idea of scarcity to enslave all souls involved by exchanging Time for the Right to Life in a fashion that does not properly value the soul and Divine Creation that is each Being of Earth, and beyond. The illusion of insurmountable debt has been instituted by Satanic forces to reinforce the slavery of The People and is not to be tolerated. Debt slavery has been a fundamental tool to oppress The People, especially of the United States, under a never-ending cycle of lack and indebtedness to a tyrannical system of Satanic Evil.

IV. It is hereby declared that compromising with Satanic forces and evil intentions shall no longer be tolerated for any reason. The Old Paradigm, under the rule of evil, has created an illusion in the need to compromise with evil to come to solutions and agreements for the “well-being” of The People and the advancement of humanity. This is false. The collective consciousness and Planet Earth have been compromised by Satanic forces who place no importance or significance on human life. It is clear that the ego-centered nature of these Satanic actors has exposed itself as absolute tyranny, pure evil, impeccably grotesque, unhuman or inorganic, removed of Love, and intolerable to the greatest degree. These entities have ruled on fear, illusion, lies, deceit, and false prophecy. Their time on planet Earth has come to an end. These Satanic actors must be confronted for their evildoing and face Righteous Judgment for their actions.

V. Let it be known that on December 21, 2020, on the day of the Northern Hemisphere’s Winter Solstice which aligned with the Great Conjunction of Jupiter, Saturn, and the return of Pluto, (The Christmas Star) the human race and planet Earth were liberated by the blessing of the Universe, God, and the Galactic Federation of Light. On this day, Earth was integrated into the Galactic family, and in doing so have entered the Golden Age of Aquarius to a guaranteed 1000 years of Peace. It is now up to the human race to claim their liberation by standing in their Sovereignty and declaring their Universal Rights as ordained by their God. All Old Paradigm systems, institutions, and forms of governance are hereby under review to gauge their efficacy, benefit to humanity, history of true justice, use of power, and overall Goodness in Light. Any and all structures found to be in contra to the Highest Good shall be immediately altered, reconfigured, or outright abolished and dismantled to better suit the human race for the sake of Goodness, Peace, Love & Justice. This Rule is established by the One who is, was, and forever shall be, the all-powerful, mighty God, the magnificence and Grace of the Universe and this glorious galaxy. The Kingdom of Heaven is now established upon the Earth as the Ultimate rule of the land. No form of governance or power structure is beyond the rule of the Kingdom of Heaven on Earth.

VI. It is hereby decreed that Peace is to be established without question or compromise. Peace is the ultimate directive of the New Paradigm and is the Divine gift to humanity by their God. Any entities or forces who impede or oppose the establishment of Peace on Earth must face Righteous Judgment for their blasphemous behaviors and actions. It is abundantly clear that the war-mongering behaviors exhibited by Satanic forces has plagued humanity with death, despair, and destruction for millennia. The blood of the innocent shall no longer saturate the soils of the Earth. The destructive act of war has destroyed planets throughout the galaxy and Earth shall not follow a path of annihilation. It is proclaimed that this Earth is to be a haven for all beings throughout the galaxy who seek Peace & Sovereignty. The People of Earth have suffered intolerable abuses under the control of Satanic forces who thrive on bloodshed in the name of greed and despotism. It is obvious that these Satanic actors

VI... function in neglect of their Creator, God, and willingly submit themselves to evil in order to gain a fictitious, illusory form of ruthless power. Their submission to evil is an exercise of Free Will, but in doing so, must be held accountable for the vile manifestations which bring pain, suffering and death to the Sovereign Beings of Earth.

VII. It is hereby illuminated and ordained that Unconditional Love is a Universal principal which permeates throughout the galaxy and Universe. The ascension of planet Earth and all Her people into the 5th dimensional paradigm, or "5th density" is marked by the conscious understanding of the fundamental element of creation, Gravity. Gravity is the Universal force of attraction which provides the integral structure of this Universe. Gravity is the connective fabric that holds the Universe together, and this fact is indicative of Love. Gravity is Unconditional Love. The true comprehension and integration of the principal of Gravity is vital in the evolution and ascension of the human race. Let it be known that all actions and ways of being must come from Unconditional Love of the Self, Others, Earth, the Universe, and God. Any actions or ways of being without Unconditional Love are unrighteous, and therefore unacceptable in the 5th density of ascended reality. Unconditional Love reigns supreme and is an absolute key in the foundation that constitutes the Kingdom of Heaven on Earth.

VIII. It is hereby illuminated and ordained that each Sovereign Being of Earth is promised access to the infinite abundance that saturates this Earth. For no reason must any human being be thrust into hunger, poverty and destitution unless done so by their own Free Will. The idea of scarcity that constitutes the global economic structure of this planet is dysfunctional and unscrupulous. Let it be known that the fact of the matter is that the establishment of scarcity as the prime principal of the global economic system is an illusory tool used by Satanic forces to maintain control and dominion over The People. To say that scarcity pervades an abundant planet is a disgrace. These Satanic actors have created a system of lack and scarcity to sustain their desire for total control over the abundant resources of Earth. This highlights a key element which characterizes the Old Paradigm, greed. It is established herein that any and all humans have the right to harness the infinite abundance of this planet for the sake of their livelihood, in the name of the Highest Good, with full respect for the Mother, Earth, and with due conscious of need versus want. It is made clear that abundance is guaranteed to all those who wish to lovingly harness their abundance, as is their birth right, but must do so by holding to the principal of Giving & Receiving. The principal of Giving & Receiving establishes the dynamic for which those who receive must also give, and vice versa, in order to honor balance in energy exchange. Further, it is vital to emphasize that Righteous Wealth is indicative of those emulate balance, humility, generosity, and Unconditional Love. Energy balance is key to maintaining the Universal Order of Light throughout the Universe. It is imperative to note that organic abundance is scarce throughout this Universe, but abundant on this planet. The illusion of scarcity is hereby admonished and abolished.

IX. Let it be known that the desecration of Earth is no longer to be tolerated for any reason.

There is no argument, compromise, or understanding that is worth entertaining if the product of such desecrates the Heavenly Mother, Earth. With the advancement of human technology and consciousness, it is superfluous to discern that any form of violation that harms Life in any environment on this planet for the sake of profit and production, is just and for Good Reason. This reasoning is Satanic in nature and intolerable. It is clear that Satanic actors have continuously and disrespectfully harnessed the abundance of Earth in the name of maximizing profits and production, while decimating Life with no remorse or concern for the permanent damage done to Mother Earth. The abundance of Earth is to be used responsibly and without waste, pollution, or any other negative externality. The organism of Earth is vital to the entire Universe. Just as humans serve as sensory organs and conscious observers of the Universe, planet Earth is an amplification of that same dynamic. Our Heavenly Mother is to be honored and loved unconditionally. The days of desecration are behind us. The globalist system of rape & pillage is now undone and revoked. Any actors who do not align in Divine Gratitude and respect for the Heavenly Mother must face Righteous Judgment for their cruel and destructive behaviors. The Kingdom of Heaven is established on Earth and any violation of the Heavenly Mother is a direct violation against the Kingdom of Heaven, The Heavenly Father, God, the Galactic Federation of Light, and humanity as a whole.

X. It is decreed that this Kingdom of Heaven is established by the Heavenly Father, the Heavenly Mother, the Universe, The Galactic Federation of Light, The People of Earth, and all benevolent Beings who are present at this moment in Galactic history in the name of the all-mighty God. It is further established that in the ascension into a New Paradigm, new structures of governance must be established to better serve The People & the Earth. Let it be known that the original Constitution for the United States of America (pre-1871) is a fundamental document in establishing the basic rights of The People and is to be given supreme and continued precedence in outlining the fundamental rights of the citizens of the United States of America. This proclamation decreed in the name of God outlines the basic Universal Rights of the entirety of the human race. The domain of this Kingdom of Heaven spans the entire Earth. There is no place on the planet that is exempt from this Rule of God. This Rule of God establishes the liberation of all Beings on Earth as Sovereign Beings of Light who bear the ability to harness Divine Creation in the establishment of power structures and governance that suit the needs of their own region and the people who inhabit those regions as long as those power structures and governance are created under the established Rule of God as denoted in this document. It is hereby emphasized and decreed that any and all systems shall be created with Divine Providence for the Highest Good of the People of Earth, the galaxy, and the Universe as a whole. Each Sovereign Being is herein made cognizant of their infinite nature as Beings of Light. The dominion of darkness over The People is abolished. The Liberation of humanity is complete and the Kingdom of Heaven reigns supreme.
